# Network Topology

## Subnets

| LAB                 | Main                  | Media                  |
|---------------------|-----------------------|------------------------|
| 10.0.0.0/24 VLAN 50 | 192.168.0.1/24 VLAN 0 | 192.168.2.0/24 VLAN 20 |

| DMZ | VPN            | Security       |
|-----|----------------|----------------|
|     | 192.168.4.0/24 | 192.168.3.0/24 |

---

# Security Policies

Firewall Zone Definitions (e.g., DMZ, LAN, IoT)

Core Access Rules (e.g., Management access allowed only from specific VLAN)
