

# CIO Company Address

## CIO Update

### Network Issues

- Slowdowns
- Webpages taking forever to load
- Difficulty accessing services or complete downtime
- servers randomly crashing & rebooting without any clear Explanation
- Spike in network traffic & bandwidth
- Infastructure strain
- Revenue loss
- Potential client distrust & client loss

### Notes

- Possible Denial of Service Attack
  - Competitor to steal business?
  - Nation State Actor?
    - Clients are private sector, government, and infastructure, trasnportation, and energy.
    - Possibly they want to disrupt critical services and criple economy.
